

# *Fisher:* The Lovely Years

Fisher returns with their greatly anticipated follow-up, **The Lovely Years**. Once again, the duo delivers up a wide swath of emotional and musical colors and textures, within a tightly woven collection of 11 songs. Known for their heart-string-pulling ballads like "I Will Love You," the duo has managed to strike a balance this time around with everything from the sentimental "Now I Know" and "The Lovely Years," to the quirky-cool, upbeat pop fare of "Beautiful Life" (already made famous by the Toyota Wheel commercials) and "Biggest Fan," to the haunting lull-a-bye, "Sleepy Head." From beginning to end, this cd takes the listener on an emotional and musical journey, welcomes them home again, puts them to bed and sings them gently to sleep.
